Your Earnings Level: Demos, samples, sales tools and brochures count toward your campaign total order and toward your credit limit. Based on your account and credit limit, you may be required to pay an additional deposit.

You will receive full earnings, as described in the chart above with the exception of fixed earnings products which are indicated by the ❖ symbol in the brochure. Earnings on products with this symbol are 25% for members of the President's Recognition Program and 20% for all other Representatives. Another exception are samples, sales tools and brochures which do not generate earnings.

You will also earn 20% (25% for President's Recognition Program members) on all online orders that are shipped directly to your Customers.
